

Cross Border Cooperation within ENPI 2007-13

7-8 March 2006 / Rome

**Best practice from the Neighbourhood Programmes /
the previous programme period:**

What is needed for successful cross-border co-operation?

How do we set up a CBC programme in a successful way?

How do we generate good functioning projects with true cross-border dimension?

What is the best practice in areas of involving properly potential project applicants?

Success stories under the Neighbourhood Programmes.

Cross Border Cooperation within ENPI 2007-13

7-8 March 2006 / Rome

Improved cooperation in the future under the ENPI CBC:

How should we make use of the experience we now have?

What needs to be changed in the future co-operation?

What have been the main obstacles for successful co-operation that need to be addressed?

Cross Border Cooperation within ENPI 2007-13

7-8 March 2006 / Rome

Launch of the programming process –

How do we proceed from here?

Which are the different steps to be taken into consideration and what are the time limits for this process?

What is the procedure for the programming – type of working group with sub-groups- programming committee?

How do we identify the roles of the different actors in programme partnership?

Who should take the lead in the process?

Cross Border Cooperation within ENPI 2007-13

7-8 March / Rome

Launch of the programming process –

How do we proceed from here?

How do we ensure a broad consultation involving all relevant key actors in the regions concerned?

How do we ensure that, all partners and partner countries participate actively in the programming process?

Which do we expect to be the priorities in our programme, in what spheres should we cooperate? What are the needs of our regions?

What is the optimal geography of our programme?
