Improving Synergies across Mediterranean programmes: New calls to come

06 July 2022 I Online meeting

Diana Kobayter. Tesim

Rosario Sapienza. Tesim

Mercedes Acitores. Interact

Pascal Boijmans. DG Regio.

Olivier Marganne. DG Research and Innovation

Nienke Buisman. DG Research and Innovation

Octavi Quintana.Prima Programme. Director

Arnaud Pascuali and Oscar Seguro. DG EAC

What is for today.

- Welcome and setting the scene.

- DG Regio's Updates.

- Update on next Interreg calls in the Med area.

  Synergies with EU direct management funds: HORIZON EUROPE, CREATIVE EUROPE, COSME, LIFE, MAFF.

  New approaches/Next Calls

- Presentation of the Single Electronic Data Interchange Area (SEDIA).

- Presentation of HORIZON EUROPE, PRIMA and CREATIVE EUROPE trends for next years.

- Conclusions

*All sessions will have Q&A

Welcome and setting the scene.

Interact and Tesim

Med Lab Group. Who has been involved?

- The process has been co-led by DG REGIO and Interact-TESIM.

- 17 Interreg, ENI CBC and IPA CBC programmes. All levels of decision making, from Heads of Managing Authorities and Joint Secretariats to members of Monitoring Committees and Task Forces (nine EU Member States and nine Partner Countries - IPA and NEXT)

- **Observers:** WestMed Assistance Mechanism, EUSAIR representatives and DG MARE

1. Adrion
2. Croatia Bosnia Montenegro
3. Euro Med
4. Greece Albania
5. Greece Bulgaria
6. Greece Cyprus
7. Greece North Macedonia
8. Italy Albania Montenegro
9. Italy Croatia
10. Italy France Maritime
11. Italy Greece
12. Italy Malta
13. Italy Slovenia
14. NEXT Italy Tunisia
15. NEXT MED
16. Spain France Andorra
17. Sudoe (Southwest Europe)

Multilevel dialogue and inclusive process

The "big five"

SOs: the big five (5)

- **The full interactive presentation is available here.**
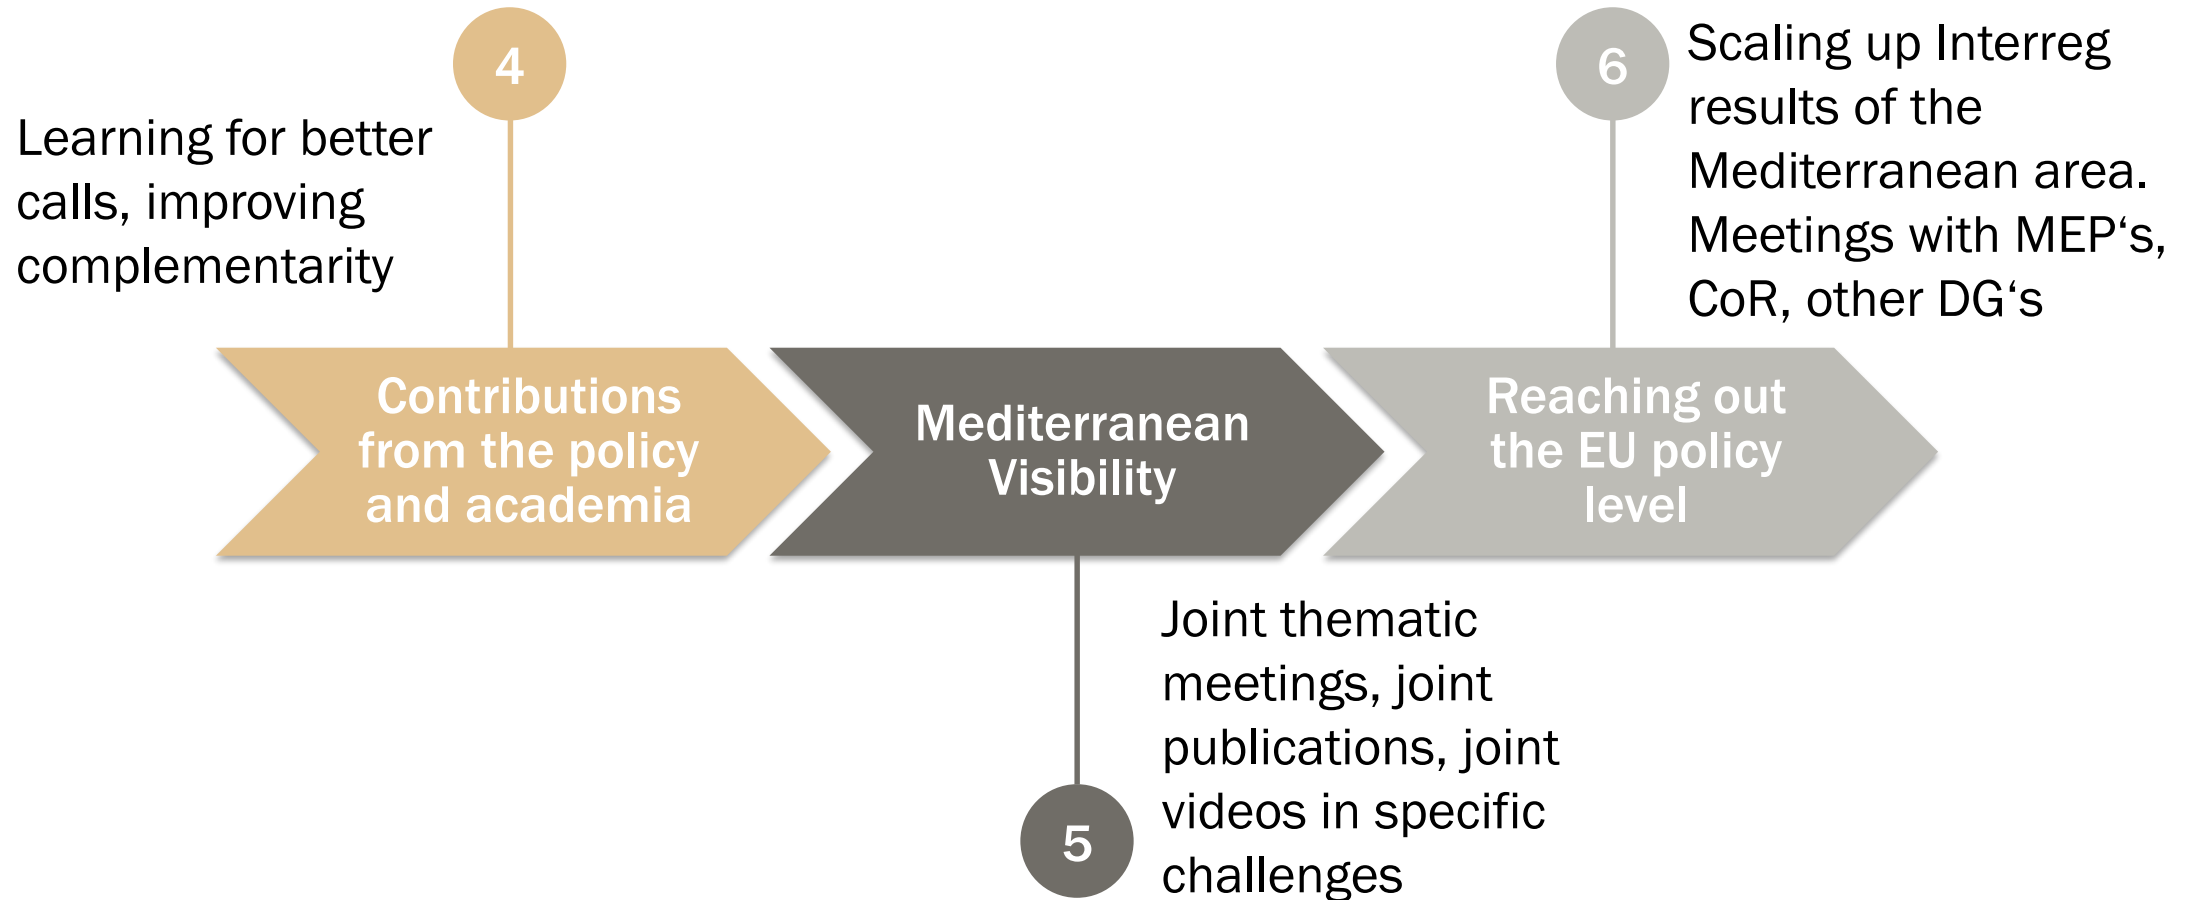

Implementation 2021-2027 period. Just started

- **Interprogramme Coordination Process in the Mediterranean by improving synergies in the área.**

- **Strenghthing the impact in the territory**

- **1st step : Drafting Calls**

Comission's Updates

Pascal Boijmans. DG Regio

Context: fast changing circumstances

- **CARE (adopted 6/4) and FAST CARE (proposal)**

  - Increased impact of flows of persons fleeing Ukraine, including on Member States' budgets

  - I.a. additional flexibility for amendment OP's, extra options for 100% co-financing (especially for measures addressing migratory challenges), additional flexibility between the funds

  - CPR's 2014-2020 and 2021-2027 are covered

- **REPOWER EU (proposal)**

  - Objective: accelerate energy transition and make EU less dependent on external energy sources

  - Mini-omnibus proposal modifying 5 separate items of legislation

  - The CPR – to allow transfers from CPR Funds to REPowerEU

State of progress negotiations mainstream

- **Out of 27 Partnership Agreements:**

  - 23 PA's formally submitted (missing are HR, MT, IE and SI)

  - 10 PA's adopted: AT, CZ, EL, FI, FR, DE, DK, LT, NL and SE

  - Probably all PAs except for HR, MT and ES will be adopted by September

- **Out of 293 cohesion policy IJG programmes:**

  - 221 were formally submitted

  - 26 programmes were adopted (18 DE, 4 EL, 3 CZ and 1 FI)

European Commission

State of negotiations INTERREG

State of progress negotiations Interreg

- Total number of programmes: **96 (87 without OP's with RU/BLR)**

  - **77 formally submitted**

  - Observations were sent to almost all submitted programmes

  - **17 OP's adopted**

  - **13 Strand A CBC programmes**: AT-DE, DE/BY-CZ, FR-CH, Upper Rhine (FR/DE/CH), DE-NL, DE-DK, SI-AT, Aurora (SE/FI/NO), Central Baltic (FI/EE/LV/SE), IT-AT, AT-CZ, Alcotra (IT/FR), ABH (DE/AT/CH/FL)

  - **4 Strand B TN programmes**: Central Europe, Alpine Space, **EuroMed**, Baltic Space

  - Due to Russia's attack on Ukraine, the **Multiannual Strategy Document (MSD)** for Interreg NEXT had to be updated and was presented to the CPR committee on 1 June 2022, with adoption expected before the summer break

Complementarities and synergies in Mediterranean

Complementarity and synergies section

- Complementarity and synergies with other funding programmes and instruments

    1. with other Interreg programmes

    2. with other ESIF mainstream programmes: regional and/or national: example IT-FR maritime

    3. **with other programmes: Recovery and Resilience Facility (RRF), Horizon Europe, Erasmus+, LIFE and other relevant EU programmes**

- Supporting table on complementarities/synergies for ESIF programmes on the basis of chosen specific objectives

- Coordination mechanisms

- Mainstream programmes: sufficient attention for embedding, where relevant: Interact workshop on 30 June for mainstream OP's

The challenge in implementation

Good initiative to make concrete steps:

- Suggested text to be integrated in the Interreg programme template on multi-programme coordination mechanism

- Bottom up approach and taking ownership

- Added value should be clear for all programmes

- Welcome effort for better use of capitalisation

- Pragmatic approach: no complex procedures

- If additional financing is required: TA or ISO1

European Commission

Thank you for your attention!

Inforegio: https://ec.europa.eu/regional_policy/index_en.cfm

Update on next Interreg calls in the Med area

Tesim and Interact

Improving Synergies across the Mediterranean in 2021-2027

New calls to come

The Objective of this presentation is to inform on the next Interreg calls for 2022 and 2023, based on the specific objectives and other key information. Full information are available [here](#).

Expected calls from spring 2022 to fall 2023

To be noted, data are not stable or exhaustive, based on estimation. Some programme was not ready to define time slots, the selected SO that will be considered by the specific calls or other details.

A pick is expected between autumn 2022 and spring 2023

The period between Autumn 2022 and Spring 2023 is the pick of the launch for many calls, and the list is probably not exhaustive. Each season sees 8, 9 calls launched simultaneously.

Autumn 2022

Already in autumn 2022, 9 programmes are expected to launch calls, covering 12 specific objectives. Some of them, as Culture and Tourism (SO 4.6) or Climate change and risk reduction (SO 2.4) are covered by the majority of the Interreg Mediterranean programmes.

Autumn 2022

Most of the calls are concentrated into the Central-Mediterranean regions.

Winter 2023

In winter 2023, again, 9 programmes are expected to launch 9 new calls, covering 15 specific objectives. Culture and Tourism (SO 4.6) and Biodiverity and Nature protection (SO 2.7) are the most covered by the majority of the Interreg Mediterranean programmes.
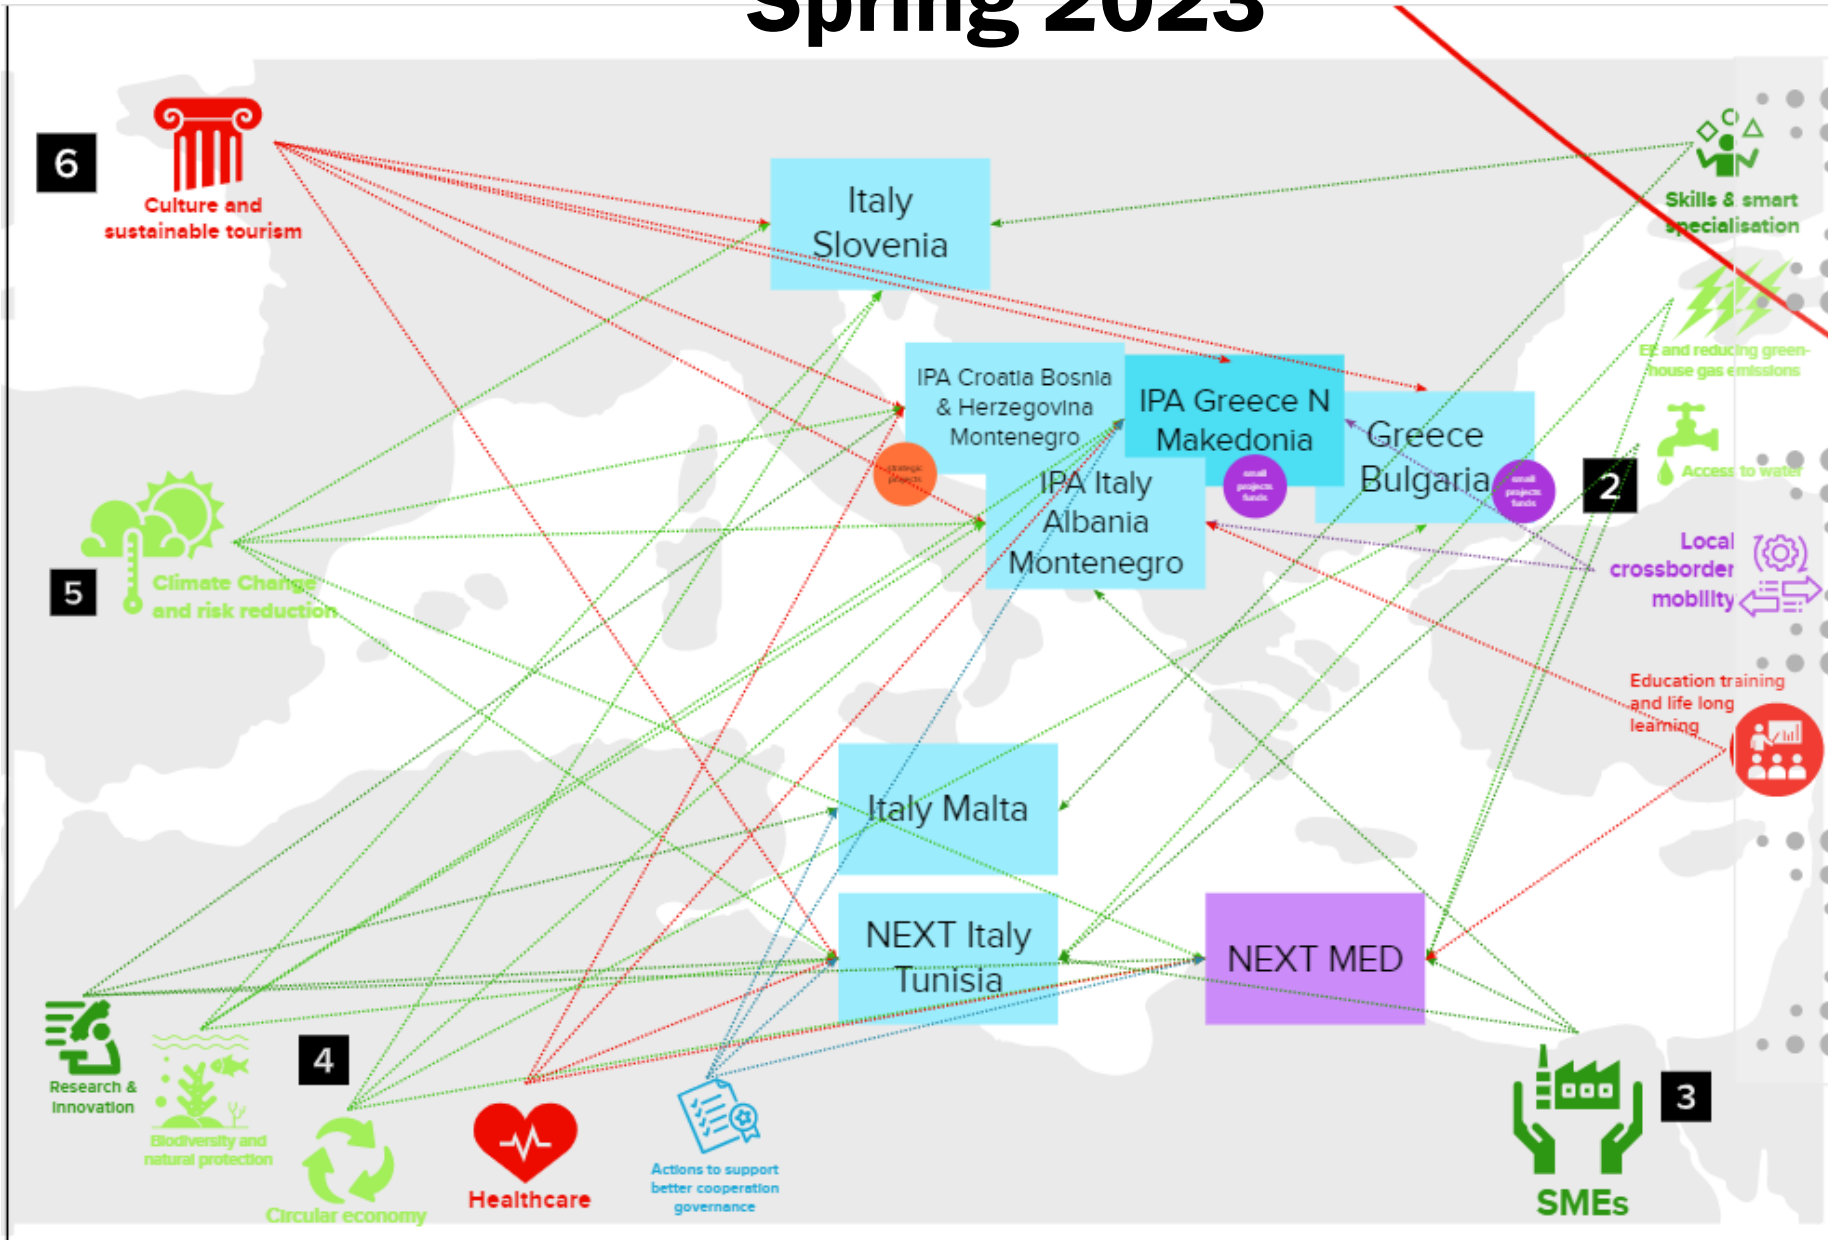

Spring 2023

Spring 2023 sees also 8 programmes launching 8 new calls, with the Interreg NEXT programmes stepping on the ground. Culture and Tourism (SO 4.6) remains the most covered specific objective, followed by, again, Climate change and risk reduction (SO 2.4). So far, no calls are expected to be launched in summer 2023, unless some slip of calls expected on spring 2023

How to check possible synergies with other calls/programmes?

Table for calls in the Med.xlsx

Spring 2022 Governance project (thematic community and institutional dialogue project SO 6.6. Call already closed Capitalisation call for Italy slovenia previous projects. Open to all SO. Projects of strategic importance: Tourism and cycling (EUSAIR) (approved)Classic Karst area -sustainable ...

The full table

Each call is registered within a table, regularly updated by Interact/TESIM. The table is available at the following link.

The funding and tenders portal.

Olivier Marganne. DG Research and Innovation

The Funding & Tenders Portal: what you need to know

Olivier MARGANNE

Common Implementation Centre
Business Processes – RTD H3

1. Portal basics

EU Login – PIC – roles

Portal basics: Personalised services

Personalised access to the Funding & Tenders Portal is based on 3 elements:

1. Each user is supposed to have a **unique EU Login account**, which is the **unique identifier for persons**.

2. Each EU Login account is linked to one (or more) **PIC number**(s), which are the **unique identifier for organisations**.

3. Each EU Login account is linked to all the **roles** that the user has in projects and/or organisations through IAM.

LEAR   AccAd   LSIGN   FSIGN   PCoCo   CoCo   PaCo   TaMa   TeMe   PLSIGN   PFSIGN

European Commission
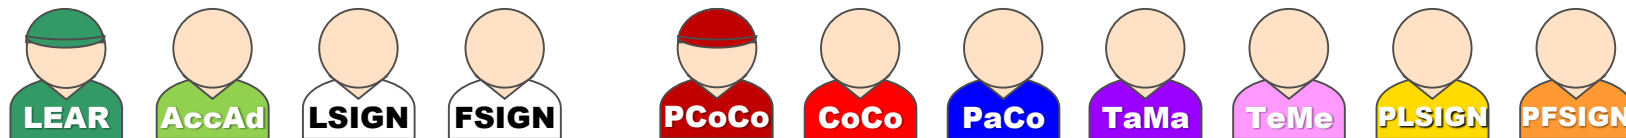

Portal basics: EU Login

- Based on the "**single sign-on**" principle:
  1 EU Login account = 1 (professional) e-mail address = 1 person

- Do not share your EU Login credentials

- Avoid functional mailboxes

- Add another layer of protection by enabling the **2-factor authentication**

European Commission

EU Login

One account, many EU services

Portal basics: PIC

- Every organisation taking part in a proposal **must** have a PIC

- Registering an organisation requires an EU Login account

- The person who registers an organisation receives the **Self-Registrant role**: this person is the **contact person with the Commission services** for this organisation **until a LEAR is appointed**

- When the registration is completed, the PIC is **provisional** ("**declared**"), meaning that the submitted data then needs to be validated

- You can look for existing PICs using the PIC search

SEARCH FUNDING & TENDERS ▼ | HOW TO PARTICIPATE ▼ | PROJECTS & RESULTS | WORK AS AN EXPERT | SUPPORT ▼

ℹ The participant register is now multilingual! Select your preferred language from the top right corner of the Portal.

Participant Register

Participant Register

Need help?

If you want to participate in a call for proposals or in a call for tenders with eSubmission, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). Please quote your PIC in all correspondence with the Commission.

The register contains all participants of EU programmes.

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register it again.

Search a PIC

PIC search:
Check whether your organisation
is already registered /
Look for any existing PIC

Register your organisation

To register your organisation or as a natural person, you need to login into the Portal or, if you are a new user, create your account.

Check what information you need to register in the Online Manual - and keep it to hand during the registration procedure. To start registration, click on the button below.

Register your organisation

You can suspend the registration process at any time: the data entered can be saved as draft and you can continue your registration later. To return to your registration, please log in and get into My Organisation(s) in the My Area section. Incomplete draft registrations are automatically deleted after one year.

**Register an organisation
in the Participant Register**

Additionally, for actions where [...] [...] ry out the SME self-assessment.

Should your project or tender be successfully evaluated, the registered data will be verified by the Validation Service team before the signature of the Grant Agreement or of the Framework Contract.

European Commission

Portal basics: IAM

- The Identity and Access Management allows the management of access rights of users of the Funding & Tenders Portal.

- It gives a **personalised and secure access** to the different services of the Funding & Tenders Portal.

- Minimum involvement by the Commission/Agency staff allowing for **flexibility in the online management of the consortium**.

- Any change in the roles of the users is saved to allow a **monitoring & tracking service**.

Deadline model
single-stage

Opening date
06 October 2021

Deadline date
21 April 2022 17:00:00 Brussels time

Topic description

ExpectedOutcome:

This topic aims at supporting activities that are enabling or contributing to one or several expected impacts of destination 6 "*Maintaining an innovative, sustainable and globally competitive health industry*". To that end, proposals under this topic should aim for delivering results that are directed, tailored towards and contributing to all of the following expected outcomes:

- The EU contributes strongly to global standards for health data through enhancement of common European standards for health data (including medical imaging data) by researchers and innovators. Researchers and innovators contribute to GDPR compliant guidelines and rules for data anonymisation.
- Innovators have access to advanced secure data processing tools to test and develop robust data-driven digital solutions and services in response to the needs of researchers, clinicians and health systems at large.
- Cross-border health data hubs further facilitate the innovation process by providing secure, trustable testing environments for innovators

3. Partner Search

What it is and how to use it

The Partner Search

- It aims at **facilitating the meeting of organisations** looking for partners to apply for EU funding

- You can look for partners **in the context of a given call/topic** or on a more **general field**

- You can specifically look for **organisations** or **persons**

European Commission

Searching for partners for a specific call/topic

- A partner search announcement can be:

  - ❑ an "**expertise offer**" (you are offering your expertise to form a new consortium or join an existing consortium)

  - ❑ an "**expertise request**" (you are missing a specific expertise and are looking for someone to provide this)

- **Only the LEAR / Account Administrators / Self-registrant can post partner search requests for organisations**

- To publish partner search requests for persons, all you need is a published person profile

✉ Contact organisation

Description

The Fraunhofer-Gesellschaft is the leading organization for applied research in Europe. Its research activities are conducted by 69 institutes and research units at locations throughout Germany. The Fraunhofer-Gesellschaft employs a staff of 24,500, who work with an annual research budget totaling 2.1 billion euros. Of this sum, 1.9 billion euros is generated through contract research. More than 70 percent of the Fraunhofer-Gesellschaft's contract research revenue is derived from contracts with industry and from publicly financed research projects. International collaborations with excellent research partners and innovative companies around the world ensure direct access to regions of the greatest importance to present and future scientific progress and economic development.

REQUEST DATE ▾	TOPIC ⇅	EXPERTISE REQUEST OR OFFER ⇅	ACTIONS ⇅
05-Apr-2022	HORIZON-CL5-2022-D2-01-06 | Embedding smart functionalities into battery cells (embedding sensing and self-healing functionalities to monitor and self-repair battery cells) (Batteries Partnership) ▸ The Fraunhofer IPT has great expertise and experience in the integration of distributed fiber optic measurement solutions into individual components or large structures. The aim for this call is to develop a multimodal distributed fiber-based sensor system for in-situ measurements of different variables (absolute voltage, temperature, strain) within the cell to monitor aging and enable self-healing processes. messtechnik@ipt.fraunhofer.de	Expertise offer	Actions ⚙
15-Mar-2022	HORIZON-CL5-2022-D2-01-06 | Embedding smart functionalities into battery cells (embedding sensing and self-healing functionalities to monitor and self-repair battery cells) (Batteries Partnership) ▸ Fraunhofer HHI develops industry-capable sensors for determining the state values of battery storages at the cel module and system level (https://www.hhi.fraunhofer.de/en/departments/fs/resea groups/energy-storage-sensor-technology.html). For this our goal is to develop inert sensors for integration into battery cells that monitor internal degradation processes and supply this information to management systems. We also intend to create significant benefits for after-use options.	Expertise offer	Actions ⚙
15-Mar-2022	HORIZON-CL5-2022-D2-01-03 | Furthering the development of a materials acceleration platform for sustainable batteries (combining AI, big data, autonomous synthesis robotics, high throughput testing) (Batteries Partnership)		

List of currently published partner search announcements for open topics, with the possibility to contact the LEAR & Account Administrators of that organisation

implementation of in-cell sensors is feasible.

The Organisation profile: where can I find it?

- Organisation profiles are visible through the **Partner Search** and **PIC Search**

- Organisation data can only be edited by the **LEAR and Account Administrators** of that organisation:

  ❑ Most information can be edited through "**My Organisation(s)**"

  ❑ Additional organisation profile data can be edited through the profile itself

The participant register is now multilingual! Select your preferred language from the top right corner of the Portal.

Participant Register

Need help?

If you want to participate in a call for proposals or in a call for tenders with eSubmission, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). Please quote your PIC in all correspondence with the Commission.

The register contains all participants of EU programmes.

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register it again.

Search a PIC

Register your organisation

To register your organisation or as a natural person, you need to login into the Portal or, if you are a new user, create your account.

Check what information you need to register in the Online Manual - and keep it to hand during the registration procedure. To start registration, click on the button below.

Register your organisation

You can suspend the registration process at any time: the data entered can be saved as draft and you can continue your registration later. To return to your registration, please log in and get into My Organisation(s) in the My Area section. Incomplete, draft registrations are automatically deleted after one year.

Additionally, for actions where the SME status is an eligibility criterion (like, e.g. the SME Instrument) you must also carry out the SME self-assessment.

Should your project or tender be successfully evaluated, the registered data will be verified by the Validation Service team before the signature of the Grant Agreement or of the Framework Contract.

Horizon Dashboard

The Horizon Dashboard is an intuitive and interactive knowledge platform offering a user-friendly public access to statistics and data on EU research and innovation. It offers:

- Easy access to overview and detailed information on proposals, funded projects and project results, notably reported IPRs and scientific publications,
- Views on specific aspects e.g. the Seal of Excellence, the European Innovation Council
- Intuitive functions for filtering and drilling down, allowing analysis by geographical location, research thematic area, organization types etc.
- Functions for data export, story-building and bookmarking – log in here to access full Dashboard functionalities

Fact sheet

Objective

Competitiveness and resiliency of the contemporary visual art today depends on the capacities of cultural operators to use opportunities of new technologies and innovative working practices, in order to join global market and reach and engage with new and wider audience. This is exactly what BITE of Art 2.0 will offer, aiming to increase competitiveness and contribute to the economic sustainability of the European cultural operators active in the field of socially engaged contemporary visual art, through development,dissemination and application of the freeware business model BITE CABM 2.0 which is based on innovative and digital management and marketing practices, for reshaping the way they work and developing new and socially and politically engaged young audience. Using cross-sectoral and trans-national synergy of experiences and expertise of 6 partners from 4 countries, we will develop BITE Contemporary Art Business Model 2.0 which will contain: 1) approaches for innovating programs of cultural operators through new technologies, allowing them to explore and exploit potential of digital and open spaces; 2)know-how for opening and running blockchain-based Virtual galleries on the global market, widening its outreach; and 3) communication strategy based on content marketing approach for supporting audience building efforts of first 2 features. Other key activities are focused on enhancing capacities of 16 cultural operators based on BITE CABM 2.0 and its integration into their work, as well as its application on 4 socially engaged contemporary visual art events in 4 participating cities (including BITE festival in Ljubljana for young emerging artists where BITE Art Tour will be applied), reaching and engaging at least 10000 socially and politically passive young people. These activities will be supported through extensive communication strategy reaching at least 660.000 young people, and later disseminated toward at least 55000 cultural operators all over Europe.

EXECUTIVE AGENCIES
i.e. REA, CINEA, HADEA
Implementing the FP (evaluation, selection, granting, monitoring of projects)

NATIONAL CONTACT POINTS (NCPs)
Supporting beneficiaries at the national level

European Commission

Functions of Executive Agencies

Executive Agencies support one or several Commission departments by implementing EU programmes that contribute to the achievement of EU strategic objectives.

They are entrusted the following tasks:
- ➤ **Launching calls for proposals,**
- ➤ **ensuring the evaluation of the proposals received**,
- ➤ supporting the choice of the proposals made by the Commission,
- ➤ **monitoring the projects**,
- ➤ executing the payments and
- ➤ provide feedback to the Commission on the results of the projects

European Commission

Functions of the National Contact Points

Support structures for the implementation of the FP in Member States, Associated countries and Third countries:

- Ensuring that the programme becomes known and readily **accessible to all potential applicants.**
- Providing information and on-the ground advice to potential applicants and beneficiaries.
- Facilitating networking among applicants from different countries, thanks to the networking **among NCPs, (such as NCP Academy in Horizon 2020).**

INTERNATIONAL COOPERATION IN HORIZON EUROPE

European Commission

International cooperation in Horizon Europe

General openness of Horizon Europe to international participation

- Entities **from all over the world** can take part in Horizon Europe collaborative projects

- Researchers and innovators of any nationality can apply for grants
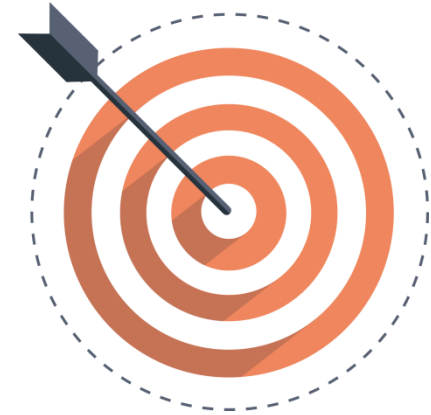

Targeted international cooperation actions

- Actions flagged as being specifically relevant for international cooperation

- Targeted actions with key partners on strategic thematic areas

- Cooperation with Africa under the Horizon Europe 'Africa Initiative'

- Cooperation with Mediterranean region

International Cooperation modalities: Targeted topics and coordinated calls

➢ **Targeted topics in calls for proposals** may:

- indicate that participation of International Partners is encouraged ;

- indicate that participation of partners from a certain country or region is encouraged or even mandatory.

➢ **Coordinated calls with a specific country** are used for specific actions whereby the partner country also issues a national call for proposals to fund national organisations engaging with Europeans. The evaluation and selection is carried out jointly.

Examples of funded projects under Horizon 2020- Horizon Europe:

Projects funded in response to the call topic "TRANSFORMATIONS-04-2019-2020 - Innovative approaches to urban and regional development through cultural tourism":

- **Social Innovation and TEchnologies for sustainable growth through participative cultural TOURism- TexTOUR** with partner GAIA-HERITAGE from Lebanon
  - 2021-2024
  - 4 MEUR
  - **Aim at inventing and designing collaborative work methods for the development of cultural Tourism policies and strategies.**

- **Social and innovative Platform On cultural Tourism and its potential towards deepening Europeanisation- SPOT** with partner BAR ILAN UNIVERSITY from Israel.
  - 2020-2022
  - 3M EUR
  - Aims to develop a new approach to understanding and addressing cultural tourism and to promote development of disadvantaged areas.

European Commission

Focus on R&I Cooperation with the Mediterranean (Union For the Mediterranean): Regional Platform in R&I

European Commission

R&I Cooperation with the Mediterranean

The EU and the Mediterranean seek to enhance their Partnership based on:

- **co-decision**
- **co-ownership**
- **shared benefits**

The cooperation in the region underlines the importance of common solutions to address major challenges, such as skills mismatch, youth unemployment and brain drain.

The **New Agenda for the Mediterranean** sets out clear objectives for the years to come to build fairer, more prosperous and inclusive societies for the benefit of people, especially the youth, where Research & Innovation is crucial for sustainable development.

In addition the **EU's Global Approach to Research & Innovation** prioritizes the Mediterranean as one of its regions for cooperation.

The three priorities for EU-Mediterranean cooperation in research and innovation adopted in 2022: **health, climate change and renewable energies**

European Commission

R&I Cooperation Priorities in the Mediterranean region – Theories of Change & Impact Pathways including Roadmaps

TCIP
H
Health

→ Healthy, resilient, inclusive and secure Euro-Mediterranean societies

TCIP
RE
Renewable Energies

→
1. Overview of RE scenarios, harmonized RE smart database and communication within UfMC
2. Modernization of the electric power systems (Smart grid, smart cities and local RE generation)
3. Distribution system modernization (Energy loss management)
4. Advanced Technologies | Green hydrogen production, storage- and infrastructures implementation

TCIP
CC
Climate Change

→
1. Impact of water scarcity and drought in Rural Areas
2. Sustainable agricultural production
3. Biodiversity in Changing Climate

European Commission

Union for the Mediterranean Regional Platform in R&I

The EU and the Mediterranean region are engaged in a very active policy dialogue in the context of the **Union for the Mediterranean (UfM) Regional Platform in Research and Innovation (R&I),** which brings together 42 member states (27 EU Member States and 15 third Countries)

What's new after the UfM R&I Ministerial declaration of 27 June 2022:

- Acknowledging the **R&I Roadmaps** on the three agreed priorities areas as a catalyser for future cooperation;
- Transform these jointly agreed political priorities into specific actions, committing to **mobilising resources from national and EU level programmes**, namely:
  - Support from **Horizon Europe** towards implementing the UfM R&I Roadmaps on Health, Climate change and Renewable Energy;
  - Ensuring the rolling out of the **Partnership for Research and Innovation in the Mediterranean Area** and other cooperation initiatives including the implementation and deployment of **Mission "Restore our Ocean and Waters by 2030"** and the **BLUEMED Initiative**

European Commission

Association to Horizon Europe

- The EU has **bilateral agreements** with individual countries around the region, aiming to increase cooperation in research and innovation (Algeria, Egypt, Jordan and Morocco).

- Israel, Turkey and Tunisia are **associated to Horizon Europe**. Morocco association negotiations are ongoing and Egypt has expressed its interest to become associated to Horizon Europe.

PRIMA Programme

Octavi Quintana.Prima Programme. Director.

Overview of PRIMA - Partnership on Research & Innovation in the Med Area

- A **ten-year initiative (2018-2028)**, funded by EU's Horizon 2020

- **19 Partner countries**: Algeria, Croatia, Cyprus, Egypt, France, Germany, Greece, Israel, Italy, Jordan, Lebanon, Luxembourg, Malta, Morocco, Portugal, Slovenia, Spain, Tunisia and Turkey

- Funding from partner countries, currently **€274 million**, and a **€220 million** contribution from the EU through Horizon 2020

- PRIMA launches yearly calls for proposals to mobilise the Euro-Med *scientific communities, stakeholders and public and private entities* to identify **R&I solutions for more sustainable water and agri-food systems management**.

R&I cooperation is an effective tool to **strengthen Med regional integration,** to build bridges across countries. Generating new knowledge and devise solutions allows to better address **common environmental, social and economic challenges**, which no country, alone, can address.

Common features & differences between PRIMA & Interreg Calls in the Med

- Similar area: 14 countries, out of 15, of Interreg Next Med are represented in PRIMA, except Palestine, with 5 additional ones, Croatia, Germany, Luxembourg, Slovenia, & Morocco.

- PRIMA and Interreg share the principles of co-ownership and co-decision, mutual trust between the countries from both shores of the Med.

# PRIMA's general goal, specific objectives

General goal is to foster research and innovation capacities and develop knowledge and common innovative solutions for improving the efficiency, safety, security and sustainability of agro-food systems and integrated water provision & management in the Mediterranean area.

PRIMA's three specific objectives are:

- Alignment of national R&I policies & programmes

- Achievement of a critical mass of actors & resources

- Strengthening innovation capabilities

Cooperation projects – objectives and priorities

- **Objective 1 – "Creation**": to strengthen the transnational creation and circulation of European works and artists;

- **Objective 2 – "innovation**": to enhance the capacity of European cultural and creative sectors to nurture talents, to innovate, to prosper and to generate jobs and growth.

Cooperation projects – objectives and priorities

- Audience engagement and development,

- Social inclusion through culture,

- Sustainability (Green Deal, incl. New European Bauhaus),

- New Technology (digital transformation) and

- International Dimension

- Sector specific priorities: capacity-building activities - such as training, networking or market access activities in the following sectors : Music, book, architecture, fashion
