Workshop on management verifications

1 March 2024

Online | Zoom

Outlines

Interact organises this recurring event with our colleagues from the Managing Authority INTERREG 2021-2027 based in Thessaloniki, Greece.

Objectives

The objective of the two-day workshop is to harmonise the different levels of knowledge on management verifications of the different authorities of the respective five Interreg programmes. The workshop will provide the platform to discuss challenges concerning management verifications in 2021-2027, concerns regarding risk-based management verifications, and the methodology for risk-based management verifications (theory and application) equally applied to the whole programme.

Who is this meeting for?

The target group of the workshop is the staff of the different authorities of the Interreg programmes – MAs, JSs, NAs and Controllers.

Kindly note that participation in this meeting is by invitation only.

How to register?

Please access the following [link](#) using your Interact account login credentials as usual.

About the network

The network was kicked off in 2018, with physical meetings in Thessaloniki, following the needs assessment led throughout the Southern Member States. It is composed of Interreg programmes – INTERREG VI-A "Greece-Bulgaria", "Greece-Italy", "Greece-Cyprus", CBC Programmes INTERREG IPA "Greece-Albania" and "Greece-North Macedonia". The network has a practical problem-solving approach, focusing on exchanging information, sharing experiences, practices, and lessons learned concerning management verifications and transferring the necessary knowledge to their controllers.
