Perspectives from **Black Sea programme**

Experience from **ENPI CBC 2007-2013**

In practice Financial reporting, verification, and audit processes?

- **How are costs incurred in third countries reported and monitored?
How are partners supported?**
- **Which rules apply and at what level?**
- **Specific approach to public procurement?**
- **Responsibility/Accountability in case of financial errors/undue payment in third countries?**

In practice

Project monitoring and reporting?

- Who is responsible for monitoring activities performed in partner countries?
- Distinctions in the reporting process?
- Role of lead partner – referent for NDICI side?

In practice Programme governance at strategic and management level?

- How can national authorities support programme implementation further?
- What is the role of partner countries in project selection?
- At what level do/could they contribute (criteria, review, promotion, support to applicants...)

In practice

Advance payment models?

- How does it work for NDICI (criteria, process, control...)?
- How could we imagine in practice...
 - Pre-financing to beneficiaries while minimising risk of recovery of funds?
