Group work

How we will work...

Task: Let's try to design the effective organization/structure charts for 4 processes (programme design, project assessment and selection , implementation, management verification and audit);;

1. There are 4 tables each table covers one process;

2. Choose your table;

3. At your table - pick necessary actors and set & describe sound relations. Please also reflect on boosting of the potential of existing structures, yet keeping them simple (you will find supporting materials and questions at your tables) (40 minutes);

3. Report to the plenary – joint discussion;

Table 1 Programme design

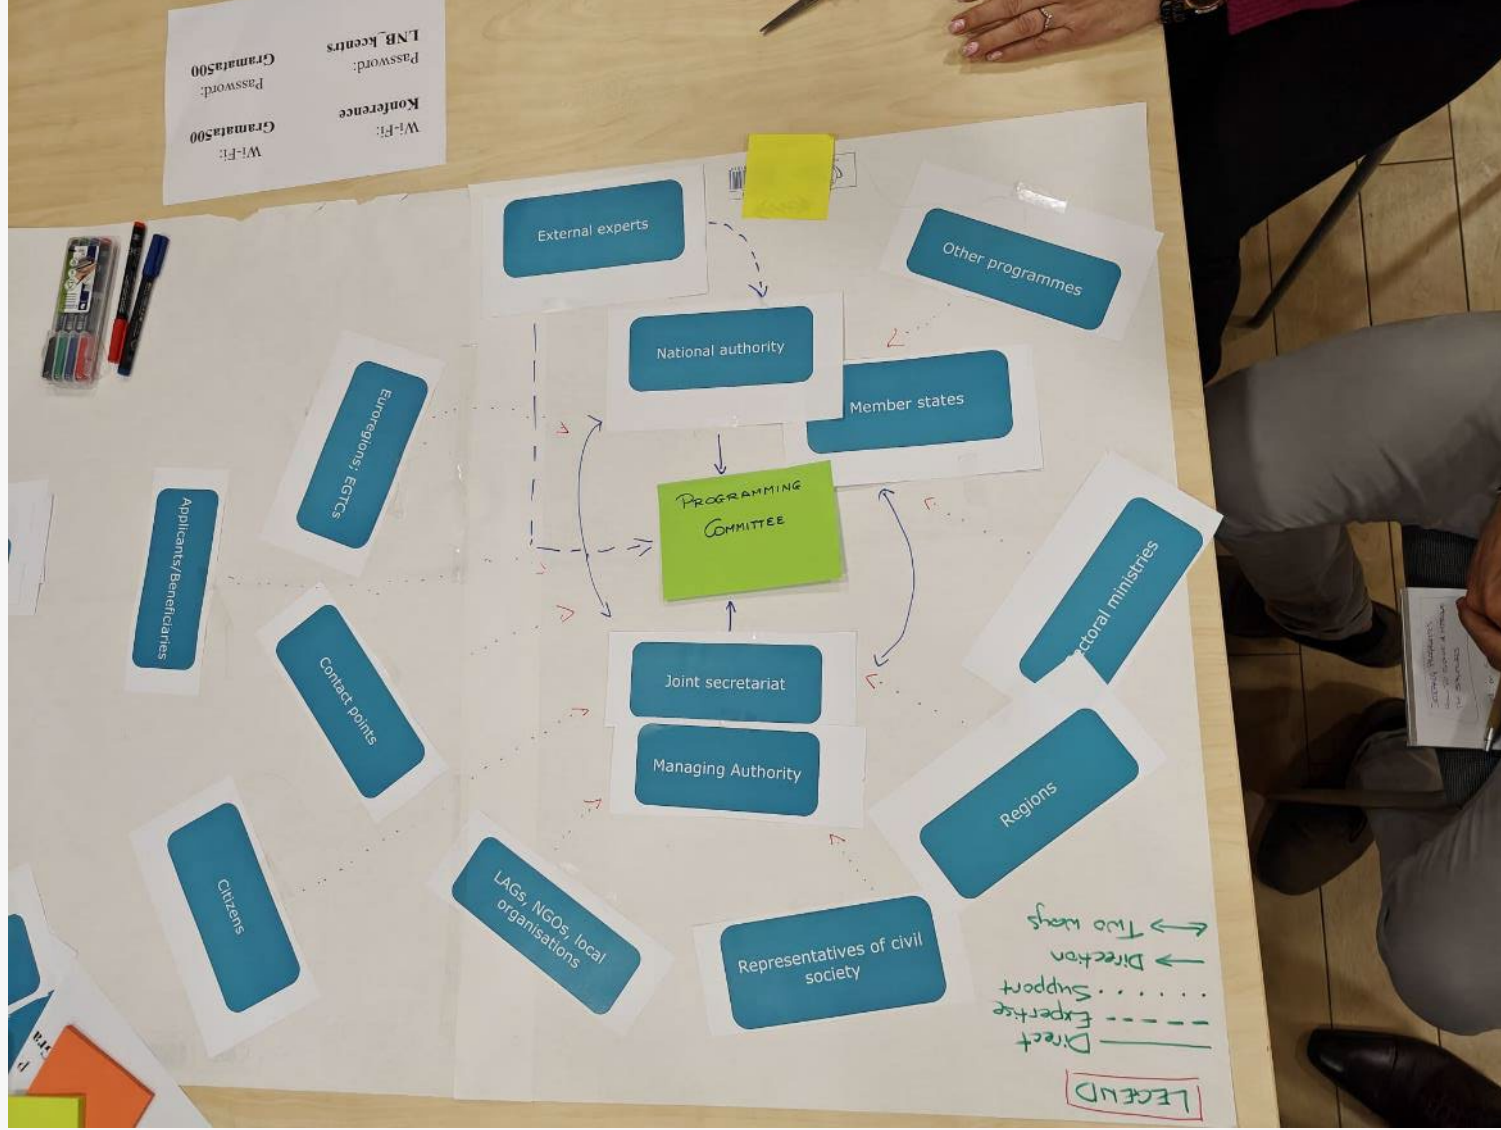

Table 2 Projects assessment and selection

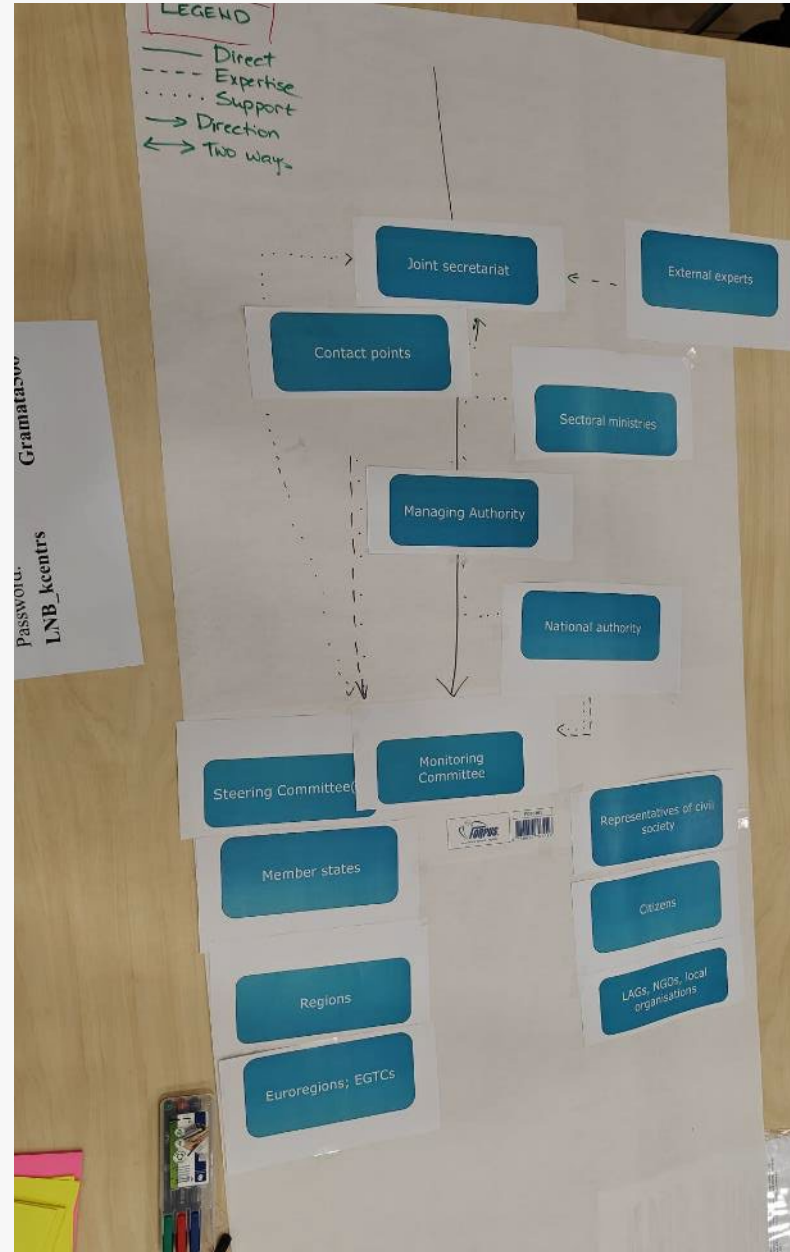

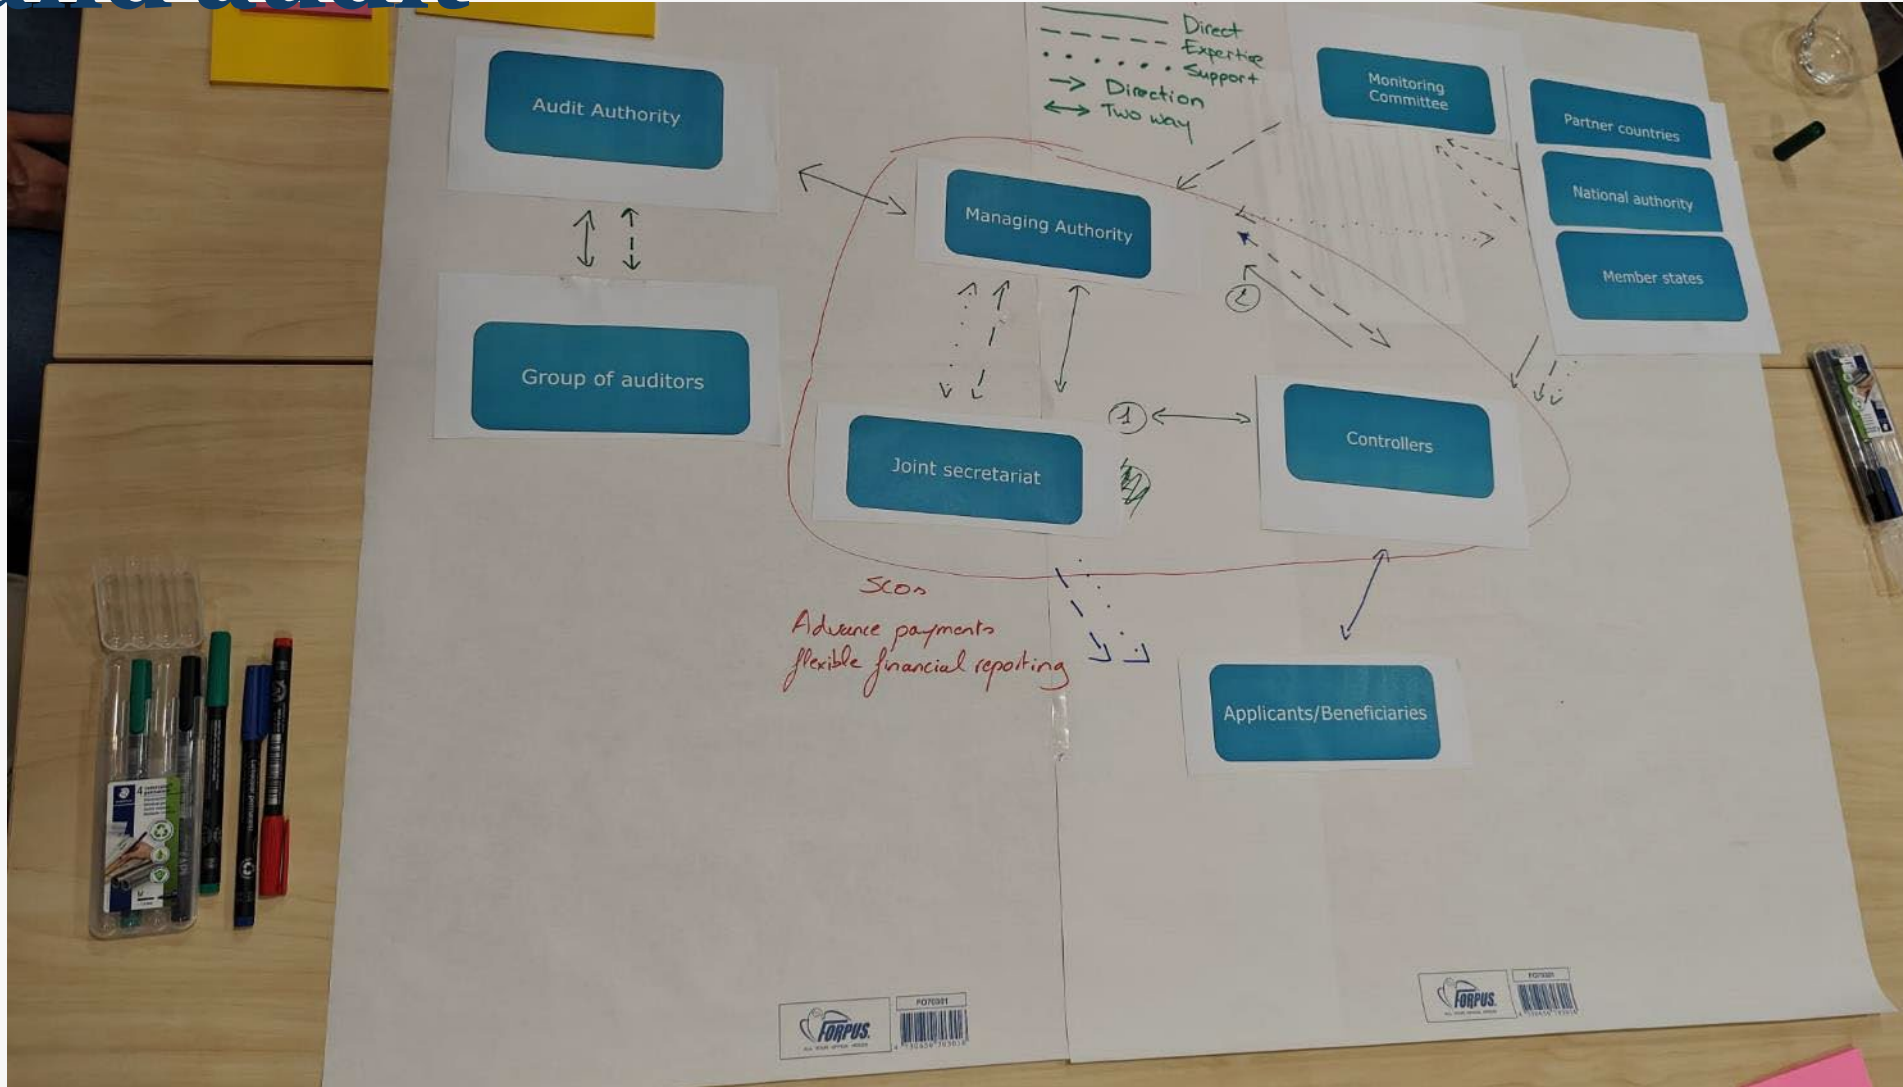

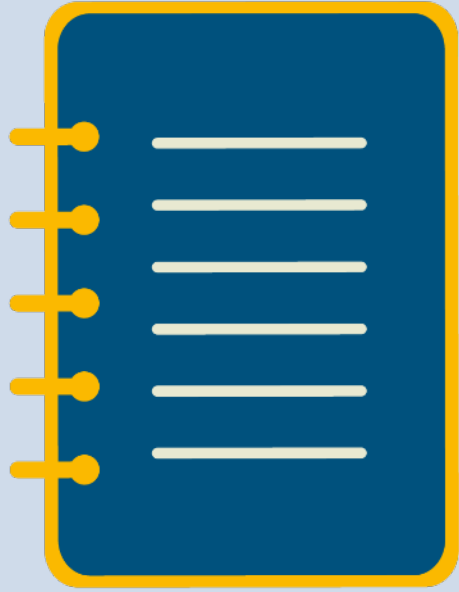

Table 3 Projects implementation

Table 4 Management verification and audit
